Jupiter has entered the sign of Aquarius on 5th April 2021, at 11.37 PM India time or 19.07 PM GMT. Since last one year Brihaspati was in and out of Makar Rashi, its sign of debilitation, and was troubling the masses quite seriously owing to the covid-19 epidemic. Now, as it moves in to its next sign, Kumbh, we can expect a final solution or an end to this coronavirus mystery and a return to normal life and business, in most nations.

Aquarius is a sign ruled by Saturn and Jupiter generally gives positive and long term benefits in this Earth sign. In Kumbh, Guru is considered pious and very beneficial for the people. The losses due to the policy failures, confusions and irrational decisions of the governments which trouble the people in the Jupiter transit in Capricorn end when Jupiter enters Aquarius. As the conjunction between Saturn and Jupiter ends, both planets will now be able to affect the life on Earth in their own natural and independent ways.

In 2021-22 Brihaspati will be in Aquarius from 5th April 2021 to 13th April 2022 except for a short two month long return back into Capricorn from 14th September 2021 to 20th November 2021. It will become retrograde on 20th June 2021 and will retrograde back into Makar Rashi on 14th September 2021. On 18th October 2021 it will become directional again and it will then re-enter Kumbh rashi on 20th November 2021.

The previous few transits of Guru in Kumbh were as follows -

- 1st May 2009 to 30th July 2009, 19th December 2009 to 2nd May 2010.
- 8th January 1998 to 25th May 1998, 10th September 1998 to 12th January 1999.
- 26th January 1986 to 2nd February 1987

The next transit, after this 2021-22 transit of Brihaspati in Kumbh will be from 17th March 2033 to 28th March 2034.

This transit of Jupiter in Aquarius will be generally positive for most of the people as Saturn becomes free from the negative influence of a debilitated Jupiter in Capricorn. Jupiter has calm, positive and long term stable effects in Aquarius. So, with a swagrahi Shani in Makar and a pious Jupiter in Kumbh, we can expect good progress in almost all areas of life, for most of the people.

But, political upheavals will happen in many nations, mainly in the developing nations. In India, the political leaders are very likely to take such irrational and radical steps which could isolate the nation in the international community harming the peaceful image of the nation. The difficulties for Prime Minister Narendra Modi will increase and there will be more voices of dissent from his own party and supporters.

This transit of Guru in Kumbh will bring new developments in areas related to Information Technology, Space Sciences, Health, Education and Business. The effects of such developments will be for long term and a new world order will be finally created and accepted by all.
