On 30th October 2023, Rahu will leave Mesh rashi and will enter Meen rashi, and, Ketu will leave Tula to enter Kanya rashi. After 18 years, Rahu-Ketu will be again in this Meen-Kanya placement. The transit of these two mysterious shadow planets in Aries-Libra axis has not been comfortable for most people. Let's see what changes this new transit of Rahu and Ketu will bring for all of us.

Rahu and Ketu will transit in this Pisces-Kanya position from 30th October 2023 to 18th May 2025. The last time these two non-physical shadow planets were in similar transit was from 25th March 2005 to 12th October 2006.

Rahu governs illusions, irrational desires, lies, deceit, diplomacy, greed, controversies, conspiracies, ambitions, frustrations and anxieties. In Pisces (Meen) it interferes with the existing systems, setups, and, it motivates people to rebel against the established rules and norms.

Ketu governs mental clarity, intuition, renunciation, satisfaction, detachment and straightforwardness. In Virgo (Kanya) it is more straightforward, critical, intrusive, inquisitive, calculative and argumentative. It incites dissent, rebellion and conflicts.

In Rahu's transit in Aries, from 12th April 2022 to 30th October 2023, it was under direct influence of the 3rd drishti of Saturn in Aquarius, first from 29th April 2022 to 12th July 2022 and then from 17th January 2023 to 30th October 2023. This aspect of Shani on Rahu was really harmful and it caused great calamities and miseries. On 22nd April 2023, Jupiter entered Mesh rashi and joined Rahu there. Jupiter, the most benevolent of all nine planets, was unable to generate its positive effects owing to the influence of both Rahu and Shani on it.

Now, as Rahu moves on to Meen rashi it frees Brihaspati from its clutches and, also, it itself gets free from the influence of Shani. But, the rare yoga of Rahu-Jupiter opposite Mangal-Ketu, from 3rd October to 30th October 2023, has already caused the escalation in the Hamas-Israel conflict. Interestingly, similar Mars-Ketu opposite Jupiter-Rahu yoga was there when 911 happened in September 2001 (Rahu-Jupiter were in Gemini and Mars-Ketu were in Sagittarius in September 2001). The 7th October 2023 attack of Hamas on Israel is being termed as the 911 of Israel. Looking at the placements of Mars, Rahu, Jupiter and Shani it seems that such conflicts will increase in the coming months.

One big threat from this new transit of Rahu-Ketu in the Pisces-Virgo placement is the possibility of economic collapse in several nations, including some so-called stable, rich and developed nations. India is at high risk, mainly in the next six months, of having serious economic problems. Globally, there are high chances of public unrest, terrorist activities and war too during this one and half years of Rahu-Ketu's transit in Meen-Kanya.

Rahu was in Pisces and Ketu was in Kanya in the following periods in last hundred years -

- 25th March 2005 to 12th October 2006
- 18th August 1986 to 6th March 1988
- 12th January 1968 31st July 1969
