Jupiter will exit Aries and enter Taurus on 1st May 2024. Brihaspati's transit in the fire-sign, Mesh, ends and its subsequent transit in the earth-sign, Vrishabh, begins on 1st May 2024. This benevolent planet will stay in Vrishabh rashi till 14th May 2025. This movement of Brihaspati in this fixed-sign will affect a few Rashis in positive ways, while generating some bad results for some other Signs.

Jupiter covers all twelve Rashis in around 12 years. During this 2024-25 transit in Taurus, Saturn will be in Aquarius only for most part of this period, i.e. till 29th March 2025. Rahu-Ketu will be in the Pisces-Virgo axis only till 18th May 2025. But, as Jupiter moves to Taurus, it becomes free from the 3rd drishti of Shani and, finally, will be able to generate its characteristic positive effects which it was unable to do in Aries due to this negative aspect of Saturn.

But, Vrishabh is a fixed-sign, and, nothing remarkably different will happen during its transit for the general masses. Two big planets, Jupiter and Shani, will be in fixed-signs for approximately one year from now. So, any big and revolutionary changes which people are expecting in socio-political situations will happen only after May 2025.

During this transit of Brihaspati in Taurus, the economic situations in many countries will worsen. Things will become unusually difficult for USA and Europe. For India too, there is not much hope on the economic front. So, whatever the result of the ongoing Parliamentary elections may be, nothing will change in a major way for the people of India. The people themselves will find unconventional solutions to their problems.

Brihaspati's next transit in Vrishabh, after this 2024-25 transit, will be from 15th April 2036 to 26th April 2037, with a short forward and retrograde motion in Mithun (Gemini) rashi, from 9th September 2036 to 17th November 2036.

Guru previous few transits in Taurus were as follows -

- 17th May 2012 to 31st May 2013
- 2nd June 2000 to 16th June 2001
- 19th June 1988 to 2nd July 1989

In the 2000-01 transit of Brihaspati in Vrishabh it was accompanied by Saturn during the full term of its transit. In the 2012-13 transit it was with Ketu in Taurus for the first seven months of that period. But, in the 2024-25 transit in Vrishabh, Brihaspati will be free from the influence of Saturn and of Rahu-Ketu too.
