

Sushil Birla asks: I work in the Financial Services (Stock Market) business. I am an assistant to Stock Brokers. I am having difficulty at work. I would like to know if and when I may expect a new job or a different job or a promotion. Thank you!

My date of birth is December 19, 1983. Time of birth is 2:15 AM. Place of birth is Navsari Gujarat, India.

Astrologer Ashutosh: Mr. Sushil! You were born under Virgo (Kanya) ascendant and Taurus (Vrishabh) Moon sign. Presently, you are in the Rahu-Surya antardasha which will be quite stressful for you. But, it will bring some good changes in your profession which will form the basis of further progress in career in future.

The period from 20th July 2010 to 14th August 2010 will bring about the changes in your career. There can be some serious troubles in your present job and you may even be forced to leave this job and stay at home for a fortnight or so. But, this bad phase will be succeeded by a very good and beneficial phase. You will get a new job with a much better salary and status than the present job.

You may even relocate to a new city or to another country in next three months. This relocation will be alongside the change in job. The opportunity will come in very unexpected way. Be ready to make the best use of it.

You will do well financially and professionally in your life. You have all yogas of becoming a Non-resident Indian. If you are not already out of India then you will be getting two good opportunities to do so in next one year.

Some remedies for you:

1. Keep fasts on Sundays for next one year. When fasting eat one full meal and take fruits/milk at other mealtimes.
2. Feed jaggery to any animal on Sundays.
3. Avoid colours like Red and Orange in garments and other things of daily use.
4. Wear more of Green colour especially when appearing for any job interviews.
5. Wear an Emerald in Gold/silver ring on little finger on Wednesday morning.
