Astrologer Ashutosh: Nelly! Your horoscope shows that you are a very creative and artistic person. You will earn well from your creative enterprises but you will have to be more careful about your savings and expenses.

You were born under a Cancer (Karka) ascendant and an Aries (Mesh) Moon Sign. Your career is most likely to be associated with the graphic designing, animations or virtual reality kind of work. You will be doing both the programming and designing in your work. You will not be in a job for long and after 10 years from now you will start your own enterprise. Your achievements as a business person will be great and as per your expectations.

Your favorable time in life has already begun in April 2010. This good phase will go on for the next 17 years. Make best use of these planetary benefits and go full force ahead to fulfill your dreams.

Some remedies and suggestions for you:

1. Wear more of Pink, White and Yellow shades of colours and less of Green, Grey, Orange and Black colours.
2. Wear Sindoori Coral in a silver ring on ring finger on Tuesday at Sunrise. You can also wear a Pearl in silver ring on little finger on Monday morning.
3. Watch what you eat as you are highly vulnerable to suffer from serious indigestion and food poisoning.
4. Avoid staying awake till late at nights. It is utmost necessary for you to have a good night's sleep.
5. You have a debilitated Mars in the ascendant which can harm your health if its energies are not diverted to good use. Therefore, perform some physical exercise regularly. Doing Yoga will also help you a lot.
