I have doubts about my combination of stones. Please help me. My dob is 24th November 1978, TOB is 00:15 am IST, and the POB is Motihari, Bihar, India.

Astrologer Ashutosh: Mr. Prabhat, you were born under a Leo (Simha) ascendant and the same, Leo (Simha), moon sign. Your horoscope shows that you have a tendency to take big risks regarding your career, personal life and

your finances. To add to it the Mars in Scorpio gives you a highly adamant behaviour due to which your actions are based more on your whims than on pragmatic and logical thinking.

Your financial crisis seems to have arisen from hasty investments in real estate which have blocked a good amount of your money in them. Further, debt has risen as you have not been able to control your expenses on unnecessary extravagant habits which you have inculcated in past few years.

There will be little respite in this situation of yours before May 2011. From then on you can expect a gradual stabilisation of the financial situation along with a reduction of debt and increase in control over your expenses. But, it will take complete two years before you will finally be able to breathe free once again.

You have been consulting all sorts of astrologers and occult practitioners and under their advices you have worn so many different kinds of gemstones.

- Yellow Sapphire: You are wearing a 5.5 carat Yellow Sapphire. You must remove it immediately and then must never wear it again throughout your life. You will find that your financial situation will begin to come under control as soon as you remove it.

- Ruby: You are wearing a 3.75 carat Ruby. This gemstone is good for you but you must wear a Ruby of minimum 6 carats in weight, in gold ring, on ring finger of right hand. This gem can be worn lifelong.

- Emerald (Panna): Remove this gemstone immediately and never wear it again.

- Red Coral: This is a good gemstone for you. You are wearing it in correct weight but ensure that it is on a copper or gold ring only and not on a silver ring. Wear it on the ring finger of either hand.

- Gun Metal: Give it back to the person who prescribed it to you or throw it in a river or a canal.

The gemstones must be worn in a proper combination. Wearing two mutually enemy gemstones can do more harm than good to the wearer.
