

Mahender asks: Your guidance and suggestion to other have really moved me. I hope you will guide me as well. Which gemstone is more beneficial to me, a Panna or a Phukhraj, for stronger memory, brainpower, excellence in communication and in accumulation of wealth? My DOB is 10th May 1972, TOB is 22:05 Hrs and POB is Rewari, Haryana, India.

Astrologer Ashutosh: Mahender! Definitely it is Pukhraj for you. Pukhraj or Yellow Sapphire, as it known in English, is the best gemstone for the planet Jupiter. As you were born under Dhanu Lagna (Sagittarius ascendant) and Meen Rashi (Pisces moon sign) Brihaspati becomes the most beneficial and yogakarak planet for you.

Brihaspati is very well placed and in its own sign (Swagrah) in the ascendant itself in your birth chart. This is a very potent placement for Guru and it gives overall benefits to the native, but, due to the retrograde status of Jupiter in your kundli its good results are often delayed. But, as you have already crossed two score years of your life and you are in Surya mahadasha, and Surya being an ally of Guru, you can expect all good results from Jupiter and its gemstones now.

In a horoscope where Guru is yogakarak Budh naturally becomes a bhadhak planet which means it gives more bad than good results. So, avoid wearing any gemstone for Mercury. You should not wear an Emerald. If you are wearing one then remove it immediately and keep it at a safe place. It could be of use to some other member of your family.

Besides a Yellow Sapphire you should wear a Ruby too. Ruby (Manik) is a gemstone for Sun and it works well with Pukhraj. Surya is in an exalted position in your horoscope and its mahadasha is also on as of today. Ruby will give maximum benefits to you concerning brainpower, better memory and good luck in job and business. Surya being placed with Mercury will also improve your communication skills and your creativity. Jupiter will improve your health, your personality, your confidence and wealth.

So, wear these two gemstones for best results. Ruby should be worn in the ring finger of the right hand in a gold ring on Sunday morning. Wear it before 14th May 2013 as Surya is in an exalted position till then. Pukhraj is worn on the index finger in a gold ring on Thursday morning. Wear this gem in the second half of July 2013 or in September for best results.
