

Azeez Mohamed Amry asks: My DOB is 4th May 1988, TOB is 6.36 AM and POB is Colombo, Sri Lanka. I am wearing a yellow sapphire of 4.12 carats on my right hand's middle finger, a star sapphire on my right hand's ring finger and an emerald of 4 carats on my left hand's ring finger. Is wearing all these stones beneficial or malefic for me?

Astrologer Ashutosh: Mr Azeez! You were born under Aries ascendant and Scorpio moon sign. First of all, you should not be wearing either the Yellow Sapphire or the Star sapphire and not even the Emerald. Instead, you should wear a Ruby in a gold ring on the ring finger of the right hand and a Red Coral in gold ring on the ring finger of the left hand.

Mars and Sun are well placed in your horoscope and are highly beneficial too for you. Wearing the gemstones of these two planets will give you great financial gains and also good stability in your career. This is why I have suggested you a Ruby for Sun and a Coral for Mars. You should wear at least 6 carats each of these two gemstones.

Avoid wearing full White and Green colours in clothes. On Mondays, feed a cup of milk to any animal. You can also donate white garments to the needy on Mondays. These remedies will keep you healthy and will give you capability to deal with stress of day to day life in a better way.

Our experts answer your one free question which can be asked by sending an email with your birth details and one specific question on the email id given below -
