

Pisces - Meen - Moon Sign - 2018 - Jyotish Forecast.

For Pisces Moon Sign people 2018 is going to be a tough year. They must be cautious on all fronts, mainly regarding health and finances. The first nine months are more difficult than the last three in 2018. Personal life can take a hit this year. There will be some unexpected financial gains coupled with some big financial losses too.

HEALTH: Health prospects for 2018 for Pisces or Meen moon sign born people:

2018 is going to be a tough year for the health of Pisces Moon Sign people. The ascendant lord Jupiter is in transit in the 8th house till mid-October 2018 making them more vulnerable towards serious health problems, injuries and mishaps. Health will begin to come under control from November 2018. But, for most part of the year high caution regarding health is advised for Meen Rashi people.

The health issues could be mainly related to liver, pancreas, body fat, cholesterol and heart. Some Meen Rashi people could also suffer from ailments related to kidneys. These issues have already started becoming more troublesome since September 2017 and they will increase in intensity with each passing month if not controlled in time.

A healthy diet; proper sleep; abstinence from alcohol and other intoxicating products; and regular health checkup will help Pisces Moon Sign people to stay healthy in 2018.

JOB: Job prospects for 2018 for Pisces or Meen moon sign born people:

The troubles in job which have begun in the last three months of 2017 will continue for the first nine months of 2018 too. In January 2018 itself, sudden undesirable changes can happen which can increase stress and instability in the job. Pisces Moon Sign employees are advised to somehow try to persist and persevere in their jobs till April 2018, which is when the stress levels will start reducing.

The period from May to November 2018 will bring some good opportunities too for the Meen Rashi employees which will present before them chances to earn more money. These

opportunities may involve travelling frequently to distant places. But, besides this kind of extra income, no big change should be expected in the regular salary till October 2018.
